Message from the Founder

Faced with the civic and environmental turmoil in which the country is struggling, it was urgent to restore to the Lebanese the lost vigor of the genes of a people who knew how to win their independence, to resuscitate his motivation, to inform and mobilize him, to make him aware of his rights and duties which is incumbent upon his role of citizen and to make him act accordingly towards Eco-sustainable Development so that Lebanon becomes again the country we dream of and earns once more its nickname "Switzerland of the Middle East".

Diana Fadel
Founder & President

VISION

Give birth to a new citizen who is conscious of his rights and duties, thriving to make Lebanon a pioneer country in Eco-sustainable Development.

MISSION

Mobilize citizens to contribute to Lebanon's Sustainable Development and support financially and operationally creative minds who are actively engaged in making a change via the 17 SDGs.

CIVIC CIRCLE

Informs, Motivates & Mobilizes citizens towards active Eco-citizenship and Environment Respect.

Citizen Café

Meetings/Webinars that bring together citizens and experts to debate hot civic topics related to Eco-Citizenship & Sustainable Development (electoral law, women candidacy, municipal elections, oil & gas, climate change, water challenges, dams, sustainable architecture, waste management etc...).

STOP ECO(sui)CIDE

A national initiative that engages citizens and environmental activists in clean-up activities, awareness campaigns and lobbying on pollution reduction and environment preservation, in an effort to mitigate climate change.

Green Market

An exhibition of Green Start-ups showcasing their eco-friendly local products. It aims at encouraging sustainable production, packaging, and consumption in the following sectors: Agri-food, F&B, Fashion & Textile and Cosmetics.

Women Empowerment Initiatives

Recognizing women's capabilities and their major role in peace-building, "Fondation Diane" stands for gender equality and women's basic rights, organizing webinars, events, and roundtables, highlighting their significant contribution to Sustainable Development.

** Other activities: Publication of The Book of Revolution, Batteries/Glass/Tires Collection, RDF Community, Videos on Sorting at Source.*

VIRIDIS INVESTMENT FUND

Besides Education, Awareness and Mobilization, "Fondation Diane" takes sustainability to the next level; we identify the best Green Start-ups, provide them with financial and operational support, to help them grow and achieve their goals. By demonstrating that Eco-sustainability and Profitability are not incompatible but rather reconcilable, VIRIDIS strives to make green businesses emerge and serve as an example for the country.
