The economic meltdown and crisis is limiting access to quality medical care! The health of the children is jeopardized!

34% of children in Lebanon are not receiving the primary healthcare they need.
*UNICEF report, April 2022

"Fondation Diane" have partnered with "Hotel-Dieu de France" to create the "Clinique Sociale de l'Enfant", the 1st free social pediatric clinic to cater to the health needs of ALL children in Lebanon, especially the underprivileged ones, from the age of 0 to 18 years old, regardless of their nationality, and with symbolic consultation fees.

In collaboration with Just-Help, we are launching the "Healthy Children, Healthy Society" campaign to collect funds & provide the needed healthcare.
