

## Women Empowerment

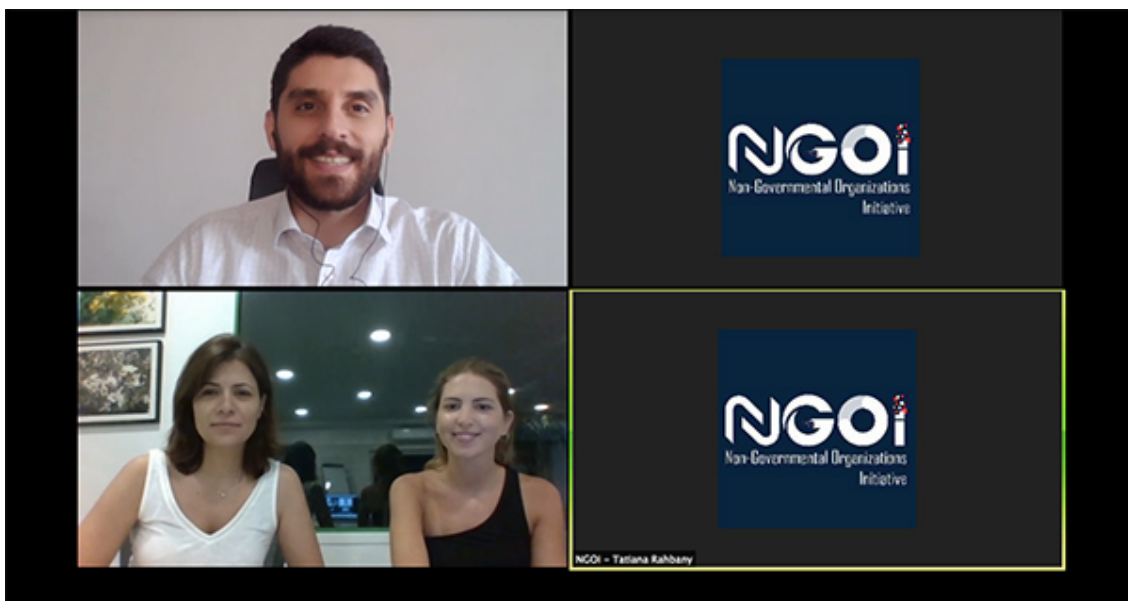

### **Mrs. Diana Fadel Participates in the International Peace Institute (IPI) Webinar on Women Empowerment**

On August 11, 2021, IPI MENA (International Peace Institute) hosted an online discussion entitled “Empowerment of Young Women in the MENA Region”, attended by leading women from across the region, as well as officials and diplomats. The event, held on the occasion of the International Youth Day, called for invigorated efforts to empower young women in the region.

In her intervention, Ms. Diana Sfeir Fadel, Founder and President of "Fondation Diane" decried the barriers that women are up against, especially within the context of multiple crises facing Lebanon now. She added: "Mothers should bring up their daughters in a different way that they were brought up themselves and we, mature women, should be a role model of freedom and professionalism in our work to the young ones". ## Organizational Excellence

### **"Fondation Diane" Undergoing the NGOi Certification**

As part of the YLEAP Program (Youth Learning, Entrepreneurship and Innovation Program), “Fondation Diane” has applied to the NGOi certification. NGOi is an initiative of the American University of Beirut that provides different services to the NGO sector in Lebanon and the MENA region.

The NGOi certification is a voluntary and non-governmental review process that assesses the governance and administrative structures as well as operational principles of the NGOs. [Read more](#)

## Green Entrepreneurship

### The "Switchers Support Programme": Supporting Green Entrepreneurs in Lebanon

The world needs green changemakers who can bring a positive environmental and social impact to their communities. To this end, “Fondation Diane” continues to foster innovation through supporting green entrepreneurs and offering them training and coaching sessions, under the “Switchers Support Programme”.

The Programme has reached half way, and more than 50 green entrepreneurs have so far benefitted from professional training sessions run by certified trainers. They were able to develop their “Sustainable Business Models” that help them transform their green ideas into viable businesses, while using the “SwitchMed Online Methodology”. [Read more](#)

## CEEDD Projects:

Rainwater Harvesting

The Importance of Water Meters

Water Conservation in Irrigation

Water Conservation in Industries

## The Lebanon Water Project (LWP)

In view of the critical water supply situation in Lebanon, it is crucial to highlight the water management awareness campaign that was launched by **The Chair of "Fondation Diane" in Education for Eco-citizenship and Sustainable Development (CEEDD)** and the USAID, as part of the LWP Project.

Here are some educational videos you need to watch.

Water is Life! Be Responsible.

## Civic Awareness

### Beirut, Forever In Our Hearts!

As an active player in civic awareness in Lebanon, "Fondation Diane" team participated in the 1st year memorial of Beirut Blast, to pay tribute to all the victims, the wounded, the people who are still grieving, those who lost their homes, and to a whole city that was destroyed!

**With corruption taking over the country, "Fondation Diane" says yes to lifting immunity, yes to Justice and Liberation!**
